Right to Work: British Citizen | Willing to Relocate to London

PROFESSIONAL PROFILE

Sound Technology graduate with hands-on experience in audio post-production, broadcast-compliant delivery, and professional mastering workflows. Proven technical grounding in **Pro Tools, Adobe Premiere, EBU R128 loudness compliance, AS-11 DPP, and DCI standards**. Experienced delivering multi-format outputs including **Dolby Atmos 7.1.2, 5.1 surround, and LtRt (LoRo) fold-down** to professional broadcast specifications. Eager to develop expertise in digital cinema mastering, **DCP creation, transcoding, and technical QC** within a fast-paced post-production environment. Highly detail-oriented, disciplined under tight deadlines, and fully available for **shift-based working including nights, weekends, and public holidays**.

TECHNICAL SKILLS

Post-Production Software	Pro Tools · Adobe Premiere · Avid S6 Console · Ableton Live · Microsoft Suite · Power BI
Audio Post-Production	Dolby Atmos Mixing (7.1.2) · 5.1 Surround Mixing · LtRt / LoRo Fold-Down · Re-Recording Mixer · Audio Conforming · ADR Recording & Editing · Foley Recording & Editing · Sound Design for Picture
Broadcast & Cinema Delivery Standards	EBU R128 Loudness Normalisation · AS-11 DPP (HD) · EBU R123 (16-Channel Track Order) · DCI Standards · Interop DCP (Familiarity) · SMPTE Standards (Familiarity)
Technical QC & Compliance	Loudness Compliance & Correction · Broadcast Format Export · Audio Stem Preparation · File Validation · Audio Conforming to EBU R123

PORTFOLIO PROJECTS

Escape — Animated Short Film

Sound Designer & Re-Recording Mixer | LIPA | [Watch on Vimeo](#) | [Audio Demo](#)

Tools / Standards: Pro Tools · Dolby Atmos 7.1.2 · EBU R128 · AS-11 DPP (HD) · 5.1 · LtRt Fold-Down

- Delivered full audio post-production pipeline — sound design, Dolby Atmos 7.1.2 mix, and broadcast-compliant stems.
- EBU R128 loudness normalisation; exported to AS-11 DPP (HD) conforming to EBU R123 (16-channel track order), meeting full broadcast delivery specification.
- Re-rendered Atmos mix to 5.1 surround and LtRt (LoRo) fold-down for multi-platform distribution compatibility.

Flow — Animated Feature Film

Sound Designer & Re-Recording Mixer | LIPA | [Watch on Vimeo](#) | [Audio Demo](#)

Tools / Standards: Pro Tools · Dolby Atmos 7.1.2 · 5.1 Surround · Foley · ADR · Music Integration

- End-to-end audio post-production for a full-length animated feature: sound design, Foley recording & editing, ADR, and original music integration.
- Completed Dolby Atmos 7.1.2 mix with full 5.1 fold-down, demonstrating proficiency across immersive and standard delivery formats.
- Managed the full audio pipeline from production through final deliverables, ensuring technical and creative alignment with picture lock.

Superman Comic Book Audio Experience

Sound Designer & Mixer | LIPA | [■ Watch / Listen](#) | [■ Spec Sheet](#)

Tools / Standards: Pro Tools · 5.1 Surround · Stereo Fold-Down · ADR · SFX · Foley · Music

- Conceived and produced a page-synchronised audio experience accompanying a Superman comic — demonstrating creative concept development alongside technical delivery.
- Delivered complete sound design (Music, ADR, Foley, SFX); mixed to 5.1 surround with stereo fold-down to professional multi-format delivery standards.

WORK EXPERIENCE

Freelance Audio Technician

Ajay Freelancer F Events Management | Abu Dhabi, UAE | Oct 2021 – Sep 2023

- Engineered audio systems for **20+ corporate events**; responsible for technical compliance and quality assurance of all audio output.
- Collaborated directly with clients through pre-production and setup phases to establish technical requirements, delivery specifications, and project design briefs.
- Assisted lead sound supervisor across multiple productions — radio mic deployment, system design, signal routing, and live monitoring.
- Installed, operated, and maintained professional sound equipment across multiple client organisations, maintaining audio integrity throughout.

Project Management Consultant

Digital Qatalyst | Dubai, UAE | Nov 2021 – Feb 2022

- Delivered data-driven operational solutions to clients using Microsoft Excel and Power BI; managed communications for a portfolio of client accounts.

Bar Team Leader / Till Operator (Casual)

Liverpool FC Stadium | Liverpool, UK | May 2024 – Present

- Lead a team of bar staff during matchdays and large-scale events; coordinate workflow under high-pressure, time-critical conditions — directly relevant to fast-paced post-production shift environments.
- Conduct health and safety compliance checks to meet venue and licensing standards.
- Manage stock, visual merchandising, and delivery processing; liaise with supervisors and management.

EDUCATION

BA (Hons) Sound Technology
